How to Read Google Play Books on Kindle/Kobo/Nook

Google Play Books is an ebook digital distribution service, which offers over five million titles, including eBooks and audiobooks. Books can be read on a dedicated Books section on the Google Play website, through the use of a mobile app available for Android and iOS, through the use of select e-readers that offer support for Adobe Digital Editions, through a web browser and reading via Google Home. And in this tutorial guide we are going to show you how to read Google Play Books on Kindle/Kobo/Nook.

1. How to Download Google Play Books to Computer

1. Open the Google Play Books website. Go to https://play.google.com/books in your computer's web browser. This will open a list of books which you own on Google Play if you're logged in.

2. Go to My books on the left side of the page to find your books.
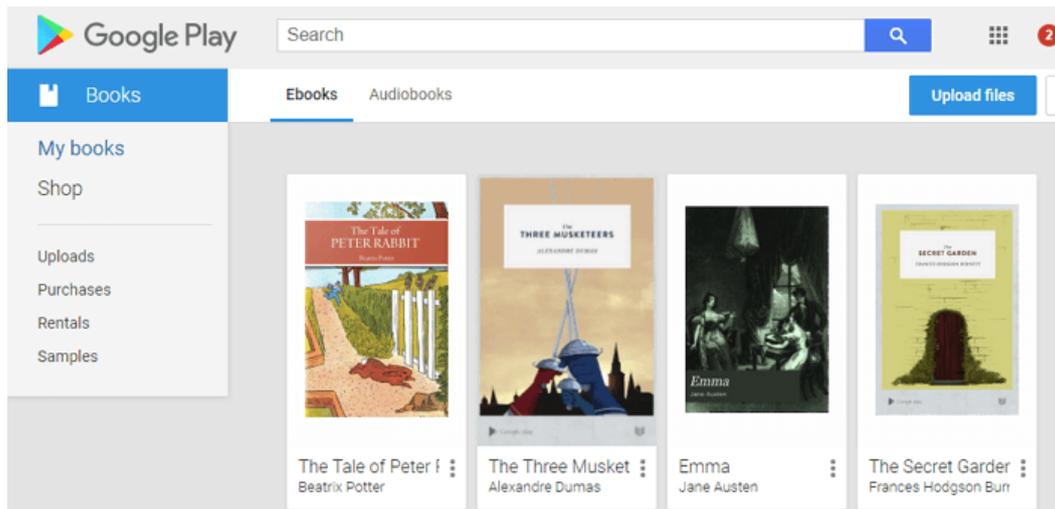

3. Download the book. Click ? in the lower-right corner of a book's icon and choose either Download EPUB or Download PDF in the drop-down menu. However, both the PDF and the EPUB option result in an ACSM file being downloaded.
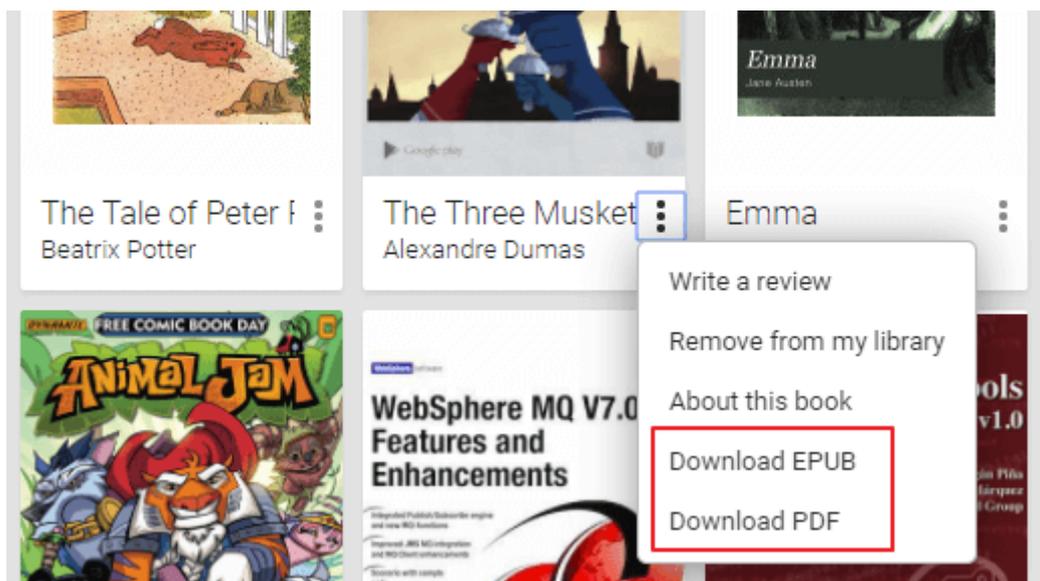

Note: Samples cannot be downloaded to desktop.

4. Open the ACSM file with Adobe Digital Editions.

Since both the PDF and the EPUB option result in an ACSM file being downloaded, you'll need to turn the ACSM file into a readable EPUB/PDF using Adobe Digital Editions. And here's the detailed guide about how to convert ACSM to EPUB/PDF.

Note: In order to transfer Google Play books to Kobo/Nook ereader, please make sure to create an Adobe ID with the same email you used to register Kobo/Nook.
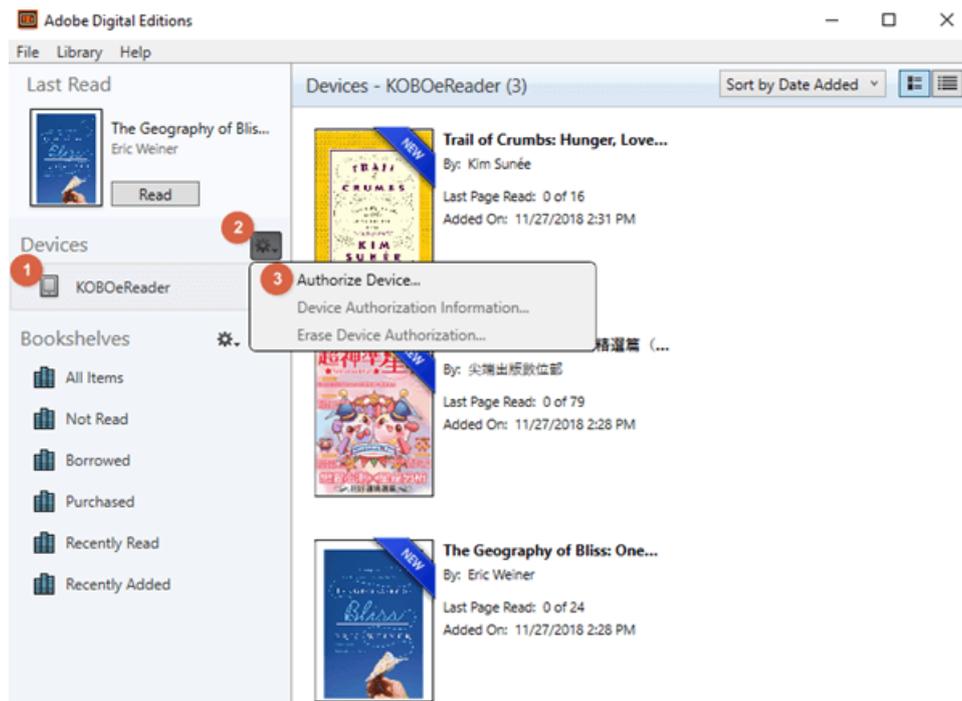

2. How to Read Google Play Books on Kobo/Nook

You can read books from Google Play on most e-readers except Amazon Kindle devices. You'll need to download them to your computer and transfer them to the e-reader. To do this, download the Adobe Digital Editions app.

**Note:** Your purchased e-book can only be associated with a single Adobe ID.

1. Authorize your computer and eReader with ADE.

After downloading the ACSM file, then create an Adobe ID with the same email you used to register Kobo/Nook to authorize computer. Or you can't transfer Google Play book to your ereader.

Plug in your Kobo/Nook ereader with USB. And your ereader will be displayed in the left side page when you run ADE. First, click the device, then click the gear icon to select authorize device.

Then click Authorize Device and OK to complete the authorization.
