The easiest way is to purchase the manga from Amazon store. There are thousands of manga covering a broad range of taste. Marvel comics, Manga books and collections are all available for your choice.

The screenshot shows the Amazon website interface. At the top, the Amazon logo is on the left, and a search bar contains the word 'manga'. Below the search bar, there are navigation links for 'Departments', 'Browsing History', and 'Your Amazon.com'. A red box highlights the search results summary: '1-16 of 17,231 results for Kindle Store : Kindle eBooks : Comics & Graphic Novels : Manga : "manga"'. On the left side, there are filters for 'Kindle Unlimited' and 'Manga' with sub-categories like Fantasy, Media Tie-In, Romance, Science Fiction, Horror, and Erotica. The main content area shows two manga titles: 'The Wild Beast in His Suit... Vol.1 (TL Mar)' by Tadasugi, priced at \$2.99, and 'One-Punch Man, Vol. 11' by ONE and Yusuke Murata, also priced at \$2.99. Both are marked as 'Best Seller'.
